2005
ABB Optical acquires Wise Optical of Yonkers, New York.

2006
ABB Optical purchases a 75,000-square-foot building in Coral Springs, Florida, to serve as a distribution facility, call center and the company’s corporate headquarters, significantly expanding the company’s presence in South Florida.
Quarterly publications, such as the company’s Retail Price Monitor and Profit Advisor, are launched.

2007
ABB Optical and CON-CISE Contact Lens Company, an Alameda, California-based distributor and gas permeable lens manufacturer founded in 1959, merge to form ABB CONCISE. The merger establishes Primary Eyecare Network, a nationally recognized provider of practice enhancement products and services based in San Ramon, California, as a division of ABB.

West Coast operations expand and move into a new 60,000-square-foot facility in Alameda.

ABB CONCISE launches yourlens.com, an online patient ordering platform that links seamlessly with a practice’s website.

2008
ABB CONCISE receives the Emerging Company of the Year award from the South Florida Chapter of the Association of Corporate Growth.

The company receives the Contact Lens Manufacturers Association’s Seal of Excellence Award for the eighteenth consecutive year. The award recognizes excellence in quality and expertise in the manufacturing of gas permeable contact lenses produced at ABB CONCISE labs in Massachusetts and California.

ABB CONCISE launches its Soft Contact Lens Business Reviews, a valuable business analysis tool providing quarterly practice data and profitability and industry benchmarks.

ABB CONCISE is honored with the 2009 Business of the Year Award from the South Florida Business Journal. The award recognizes the company’s growth, culture and community service.

2010
ABB CONCISE acquires the soft contact lens distribution business of X-Cel Contacts, a Walman Company.
2011

ABB CONCISE begins manufacturing specialty custom soft lenses with the acquisition of Ocu-ease Optical Products’ soft lens manufacturing facilities in Pinole, California.

A doctor locator search feature is added to YourLenses.com.

ABB CONCISE donates more than $600,000 worth of ophthalmic lenses to Optometry Giving Sight and Eye Care for Kids.

The Food and Drug Administration (FDA) gives approval to ABB CONCISE to produce a line of specialty contact lenses in the silicone hydrogel 60Dk, 74% H2O Definitive material.

2012

ABB CONCISE launches an irregular corneal design 16.5mm scleral lens, manufactured in Alameda, California, and begins manufacturing Bausch + Lomb’s KeraSoft IC silicone hydrogel contact lenses.

The company introduces its Annual Supply Tutorial, a tool that provides doctors and staff with strategies for presenting and closing the sales of annual supplies of soft contact lenses.

New Mountain Capital of New York, a private equity firm, recapitalizes ABB CONCISE to support the company’s continued growth and expansion.

ABB CONCISE donates more than $125,000 to Optometry Giving Sight® and other charitable organizations, including the American Cancer Society, United Way and Red Cross Disaster Relief.

ABB CONCISE merges with Optical Distributor Group (ODG), a leading contact lens distributor based in Hawthorne, New York, forming ABB OPTICAL GROUP. The merger establishes DIGITAL EYE LAB, the first fully automated optical lab dedicated solely to freeform digital lens fabrication in the United States, as a division of ABB OPTICAL GROUP.

2013

ABB OPTICAL GROUP unveils a new logo.

A distributor of Rose K lenses for more than 15 years, ABB OPTICAL GROUP becomes an authorized manufacturer of Rose K’s full line of keratoconus lenses.

ABB OPTICAL GROUP expands its product line of custom soft contact lenses with SynergEyes and ORION lenses.

DIGITAL EYE LAB introduces the Digital Master Series, a proprietary spectacle lens product line designed for technology-centric patients.

ABB OPTICAL GROUP donates more than $130,000 to Optometry Giving Sight® and other charitable organizations, including the American Cancer Society and United Way.
ABB OPTICAL GROUP is honored with the 2014 Deal of the Year Award from the South Florida Chapter of the Association of Corporate Growth in recognition of the successful merger of ABB CONCISE and Optical Distributor Group.

In support of independent eye care practitioners, ABB OPTICAL GROUP founder and CEO Angel Alvarez advocates for the introduction of unilateral pricing policies (UPP) on contact lenses.

ABB Cares is launched. During its first year, the signature annual grants program receives more than 140 nominations submitted by eye-care practitioners nationwide. ABB OPTICAL GROUP supports 10 charitable non-profits that have made significant impacts on the communities they serve.

ABB OPTICAL GROUP announces a $25,000 match for donations made to Optometry Cares®—The AOA Foundation, in support of the organization’s mission to expand eye health and vision care access to everyone in the United States.

The Optometric Center of New York, the foundation of the SUNY College of Optometry, announces it will honor ABB OPTICAL GROUP founder and CEO Angel Alvarez at its 12th annual ‘Eyes on New York’ gala. The fundraiser benefits the foundation’s mission of providing comprehensive vision care to people in need, as well as student scholarships and support for research at the college.

ABB OPTICAL GROUP grows to over $1 billion in revenue, a major milestone for the company and optical community.

CEO and Founder, Angel Alvarez is recognized as 2016 Entrepreneur Of The Year by Ernst and Young. The awards program, which was in its 30th year, recognizes entrepreneurs who demonstrate excellence and extraordinary success in areas such as innovation, financial performance and personal commitment to their businesses and communities.

ABB OPTICAL GROUP acquires Diversified Ophthalmics, Inc. and Mid-South Premier Ophthalmics. The acquisition combined the complementary geographic operations of Diversified and MidSouth in the central U.S. with the existing strong logistics network along the east and west coasts.

The expansion of the Alameda distribution center is completed, leading to a fully automated distribution center on the west coast.
ABB OPTICAL GROUP unifies The DIGITAL EYE LAB Network under one brand. The network encompasses the original DEL facility in Hawthorne, N.Y., as well as three labs that were acquired in ABB OPTICAL’s 2016 purchase of Diversified Ophthalmics DLab in Cincinnati, Summit Optical in Nashville, and TriOptics in Milwaukee. The lab network is projected to generate $50 million in revenue for ABB OPTICAL.

DIGITAL EYE LAB Network was named VSP Optics Group’s Unity Independent Lab of the Year for 2016! DEL earned the award in its first full year as a Unity-enabled lab. The award is presented annually to an independent optical laboratory that demonstrates exceptional quality of work, exceeds Unity sales targets and provides superior customer service.

ABB OPTICAL GROUP announces plans to establish a new Distribution Center in Florence, KY. The geographic location in the Midwestern part of the United States will help ABB OPTICAL enhance its already top notch service to customers with improved logistics.
